CONVENTION DATA SERVICES WELCOMES ACM SIGGRAPH AS NEW CLIENT

(Bourne, MA – November 2009). Convention Data Services (CDS), a leading provider of registration and exhibitor lead retrieval services to the tradeshow industry, is pleased to welcome its newest client, ACM SIGGRAPH—The Association for Computing Machinery's Special Interest Group on Graphics and Interactive Techniques.

“SIGGRAPH chose Convention Data Services (CDS) for their expertise, advanced technology systems and their “partnership” mentality. They engage us as a partner, giving advice and guidance on better ways to serve our attendee’s registration needs. Their staff is a member of our team”, says Bob Niehaus, Chief Staff Executive, SIGGRAPH.

In the span of a little more than 30 years, ACM SIGGRAPH has grown from a handful of computer graphics enthusiasts to a diverse group of researchers, artists, developers, filmmakers, scientists, and other professionals who share an interest in computer graphics and interactive techniques. SIGGRAPH’s mission is to promote the generation and dissemination of information on computer graphics and interactive techniques and to foster a membership community whose core values help them to catalyze the innovation and application of computer graphics and interactive techniques.

For over two decades, Convention Data Services has been providing state-of-the-art registration, database management, exhibitor lead retrieval services and event marketing to the trade show industry, serving the needs of businesses and non-profit associations nationwide. For the 2nd year in a row, the company was just named to the Inc 5000 list of fastest-growing private companies in the country.

For further information regarding Convention Data Services, contact Nate Knight, nknight@cdsreg.com, 508.247.7250 or visit the company’s website: www.cdsreg.com. To learn more about ACM SIGGRAPH, visit www.siggraph.org.
